RE: Open Transportation Plan

Dear Parent,

Enclosed please find information on our "Open Transportation" plan. You are being sent this information if you had a "private contract" last school year or have requested the information for this school year. Our plan includes options for school bus transportation to/from the school, of your choice, when you are choosing Open Enrollment or are within the one-mile walking area.

Please return the enclosed if you are interested in Spanier Bus looking for busing options for your student(s) for the 2022-2023 school year. Upon receiving your signed contract, registration information, and payment, we will look at all routes, including those of other District 742 busing providers, to see what type of service we will be able to offer. (If we are unable to efficiently route a bus to include your student(s), we will return your request and the payment you submitted.) Please be aware that routing and notification may not be available until after the start of the school year. If this condition meets your approval, please return your contract request.

If you have any questions, please give us a call at 320-251-3313.

Thank you for your interest in our Open Transportation Plan.

Sincerely,

Spanier Bus Service, Inc.
