

District 742 Request to Add/Change Bus Stop Locations

Minnesota law provides for transportation of secondary students who live two miles or more from school. Transportation of elementary students is authorized for those who live over one mile from school. However, District 742 has reduced these distance requirements at the secondary level and where hazardous boundaries exist.

In general, transportation is provided from a common stop for most students and is usually several blocks from home.

To request the addition or change in bus stop location, please complete this form. Each request received will be evaluated and responded to in a timely manner. Please keep in mind that bus stop changes are not made on the basis of convenience.

Date _____ School of attendance _____
Student's name _____ Person making request _____
Phone numbers: Home/cell: _____ Work: _____
Address _____

Bus number _____ Current Bus Stop Location _____
Explanation of why the stop needs to be moved or added: _____
